Remarks

Promoted Major Vice Knight - Promoted Must. to date April 15/84

Owing to the condition of affairs within this State these Officers were all, actually, mustered into service by me on the date placed opposite their names respectively. The First Lieutenant with (50) and the Captain and Second Lieutenant with (100) men; and the company thus organized was accepted, and ordered on special service, immediately it became necessary in order to complete the other companies for the field and to supply them with non-commissioned officers, to organize this company by a new muster.
